

Our family cruised into the port of Barcelona where we were met by Luana and Jaime. The tour, information and professionalism were outstanding and on time. We travelled with ages from 11 to 81 and Liana was able to entertain and inform all. Although we were under a time constraint with the ship, Luana was still able to give us a taste of the "new" city taking us to Montjuic, Parc Guell, and the Sagrada Familia. I would recommend them highly.
