

Luana did an outstanding job of showing my family and I the highlights of Barcelona. We were only there for a day, so it was important for us to see all of the notable attractions and get a sense of the city under very tight time constraints. Luana exceeded all expectations and provided an engaging and informative tour of Barcelona. The tour makes us want to go back some day and stay longer next time. I can't recommend Luana more highly to anyone visiting Barcelona.
