

February 2013- Donna

Hello from Miami ! We just got back last night. We all LOVED the trip to Figueres and would highly recommend you to anyone traveling to Spain . Gemma was wonderful, patient, and so knowledgeable. Students asked her questions about so many things all the way to Figueres and she answered each one with such interesting replies. We learned much about Dali and his work, but also about the culture, customs, and life style (they asked about university studies, costs; etc.). These were a group of tourism students about to join the tourism business and this trip was very helpful to them all. Great job! Thanks you so much, Donna.
